

VISION BOARD FÜR FINANZEN

Finanzielle Freiheit durch kluge Planung

Einkünfte

This area focuses on increasing your income through various means. It could include getting a promotion, starting a side hustle, or investing in stocks.

Ersparnisse

This sector is all about building up your savings account. It could include creating a budget, reducing your expenses, or setting up automatic savings contributions.

Investments

Here it's all about investing your money in order to grow your wealth. It could include investing in stocks, real estate, or starting a retirement account.

Schulden

This sector is all about getting out of debt and staying debt-free. It could include creating a debt payoff plan, consolidating your debt, or avoiding unnecessary debt in the first place.

Finanzielle Bildung

This sector focuses on increasing your financial knowledge and literacy. It could include reading books, attending seminars, or taking courses on personal finance.
